Introduction

The granite manufacturers of the Barre Granite District, in the State of Vermont, have felt the need of an up-to-date system of estimating the cost of Barre Granite memorials.

To this end the Granite Manufacturers Association of Barre, Vermont, has sent out "questionnaires" to its members for information; and the replies have been analyzed and this book compiled therefrom.

This book is RECOMMENDED to the trade as a basis of estimating the cost of Barre Granite Memorials. It is purely recommendatory; but we believe that adherence to its figures and system of computation will save a loss, which inexperience would otherwise create.

Labor costs are figured as of June 14, 1920; but it must be borne in mind that prices contained in this book are subject to changing conditions, such as increased costs of materials, supplies, labor, etc.

The prices given are intended to safeguard the estimator and to serve as a MINIMUM in making up prices on the classes of work dealt with herein. Errors, omissions, criticisms, or suggested improvements, either in the substance or the form of the computations, ought to be called to the attention of the Secretary of the Association and will be welcomed.

**Granite Manufacturers' Association, Inc.,
of Barre, Vermont.**

Barre, Vermont, June 14th, 1920.

For Sizes Not Given in Book, Use This Table

Find superficial feet of bed, follow down bed column below until you find the nearest bed measurement, then take the square opposite, and figure as square stone.

1- 0 Bed Equals 1- 0 Square	14- 1 Bed Equals 3- 9 Square	42- 3 Bed Equals 6- 6 Square
1- 2 Bed Equals 1- 1 Square	14- 8 Bed Equals 3-10 Square	43- 4 Bed Equals 6- 7 Square
1- 4 Bed Equals 1- 2 Square	15- 4 Bed Equals 3-11 Square	44- 5 Bed Equals 6- 8 Square

EXPLANATORY

Having received numerous inquiries from the retail trade as to how the different prices shown in the Estimating Book were computed, and feeling that a satisfactory and comprehensive explanation cannot be given through correspondence, believe that the clearest manner in which to cover this point is to show a few cuts of various styled monuments, and at the same time to indicate the method to be used in figuring them.

Note that in all cases where the rough stock is figured there should be added to the quarry owners' price list the sum of 25 cents per cubic foot, thereby covering the cost of handling and selling. Commission for selling granite monuments is paid on the entire monument; therefore, the rough stock, along with the several processes of construction, must assume this proportionate share of production cost.

Fractional Computations

In figuring, when a stone computes to the 50-cent mark or more, the dollar above should be used; i. e., \$48.50 would be \$49.00; or should it figure less than the 50 cents, i. e., \$48.49, the price would be \$48.00.

Rough Stock, Bases, Etc.

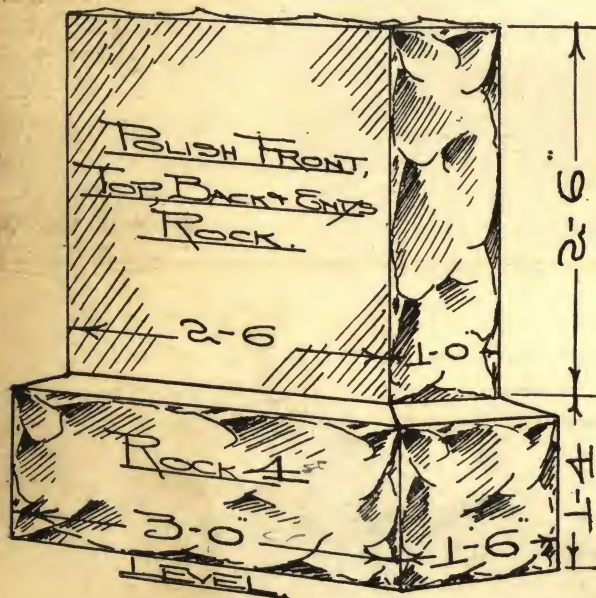

Before figuring any stone, consult rough stock price list, as the price of the rough granite varies somewhat.

On all bases, the price of the cutting is governed by the size of bed measurement. Therefore, find the superficial measurement of this first, and then turn to the "Basis for Estimating", in front of the book, where you will find the different rates given on the various styles of bases.

Where the term, "five sides", is used, it refers to the superficial measurement of the top of the stone (full size) plus the superficial feet in the four sides. You will find this term used in figuring axed bottom bases.

Five and one-half ($5\frac{1}{2}$) sides is the same as the above, plus one-half of the amount of superficial feet in the bed. You will find this term used largely in second bases axed.

On dies, where the several terms, $1\frac{1}{2}$ tops, 2 tops, 3 tops, $2\frac{1}{2}$ tops, or whatever the case may be, are used, it means that they are figured that number of times the number of superficial feet in the joint of the die, or in the case of caps, the bottom bed measurement (full size of stone). For example, a die 3-0x1-4; this would give 4-0 in the joint; with top 4 times would mean that the top would be figured 16-0 at \$3.75 per ft. if axed; or if polished 16-0 at \$5.00 per ft. For further explanation, refer to the cuts shown and the method used in computing.

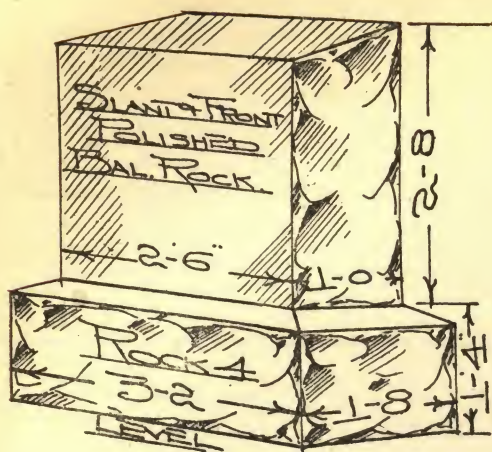

Die:

6-3 Stock at 4.35 Ft.	27.19

No. 1.

Figure 1 face @ \$4.10; 1 face, 4 ends and 4 tops @ \$3.70, for sizes 2-0 x 0-8 x 3-0 and under.
 Sizes above 2-0 x 0-8 x 3-0 figure \$3.25 for axing and \$3.65 for pol.

No. 2.

Figure 2 faces @ \$4.10, 4 ends and 4 tops @ \$3.70 per foot. This applies on crosses from
 1-0 x 0-4 x 1-6 to 2-0 x 0-8 x 3-0 inclusive.
 From 2-0 x 0-8 x 4-0 to balance figure same as above at \$3.25 for axing, \$3.65 for pol.

No. 3.

Figure 2 faces, 6 tops and 6 ends at \$4.10 per foot up to 2-0 x 0-8 x 3-0 inclusive.
 From 2-0 x 0-8 x 4-0 to balance figure same as above at \$3.65 ft.

No. 4.

Figure 2 faces @ \$4.10, 1½ faces, 4 ends and 4 tops @ \$3.70 per foot up to and including
 2-0 x 0-8 x 3-0. Balance same but \$3.25 for axing and \$3.65 for pol.

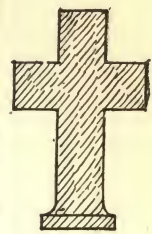

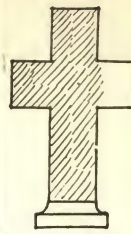

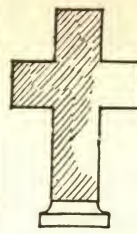

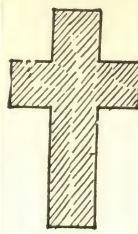

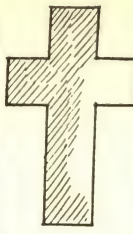

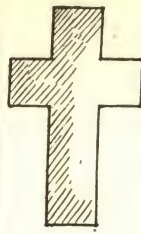

No. 5.

Figure 4 faces @ \$4.10, 4 ends and 4 tops @ \$3.70 per foot up to and including 2-0 x 0-8 x 3-0.
 Balance same but \$3.25 per foot for axing and \$3.65 per foot for pol.

No. 6.

Figure 4 faces, 6 tops, and 6 ends, up to and including 2-0 x 0-8 x 3-0 @ \$4.10 ft.
 Balance of sizes figure \$3.65 ft.

Methods of Figuring Stones Below

2 Beds at 3.75 Foot

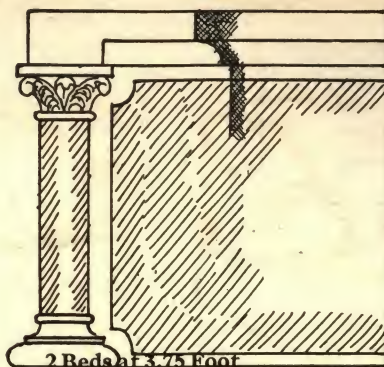

4 Sides at 15.00 Foot

1 1/2 Members around Stone

Add for each Column if

2-0 High or under 110.00

If Column over 2-0 add 3.50 per inch for Height of Column

2 Beds at 3.75 Foot

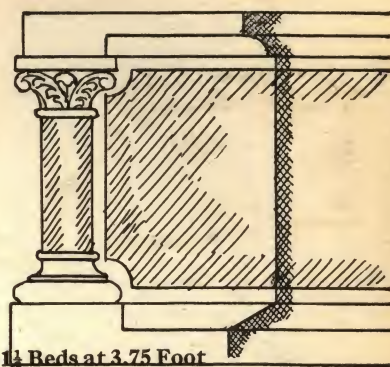

4 Sides at 15.00 Foot

2 1/2 Members around Stone

Add for each Column if

2-0 High or under 110.00

If Column over 2-0 High add 3.50 Per inch For Height of Column

1 1/2 Beds at 3.75 Foot

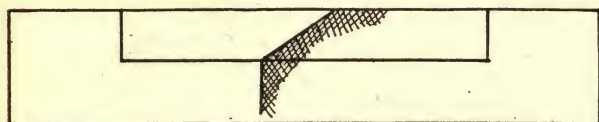

4 Sides at 20.00 Foot

4 Members around Stone

Add for each Column if

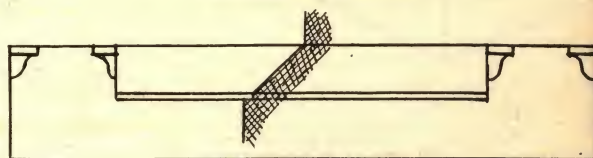

2-0 High or under 110.00

If Column over 2-0 High add 3.50 Per inch for Height of Column

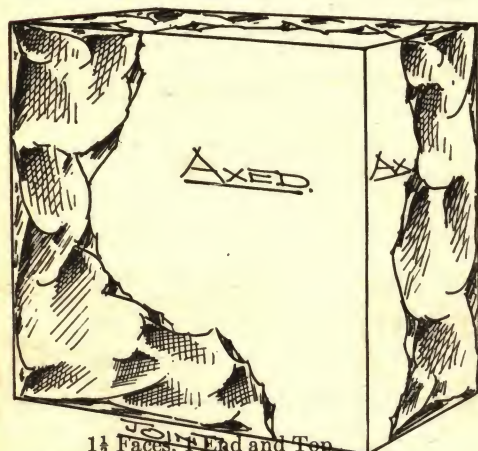

JOINT.

5 1/2 Sides Fine and Add 1 1/2 Members Around Stone

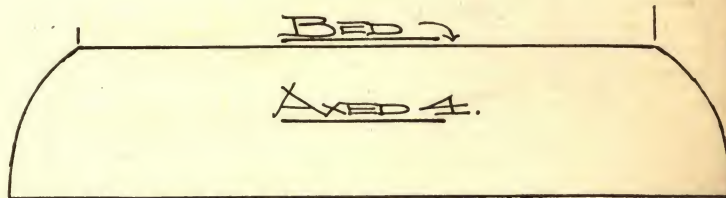

JOINT.

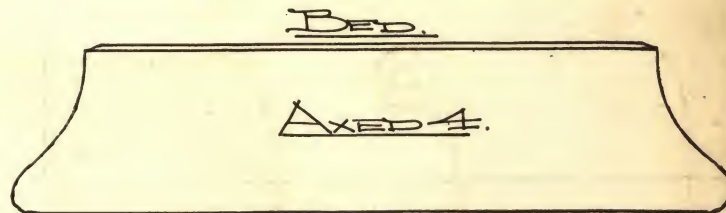

5 1/2 Sides Fine and Add 4 Members Around Stone

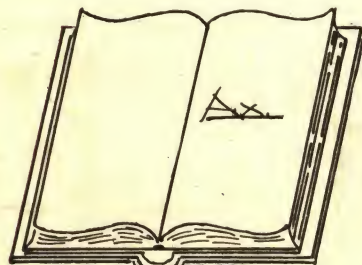

1 1/2 Faces, 1 End and Top at 3.75 Foot. Back and 1 end 70c Foot. Joint 3.60 Foot

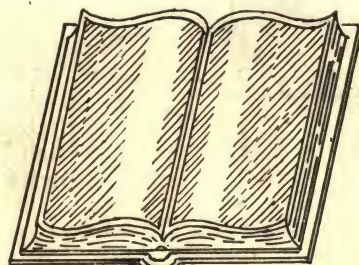

5 1/2 Sides and Add 1 Member for each 0-6 of Rise

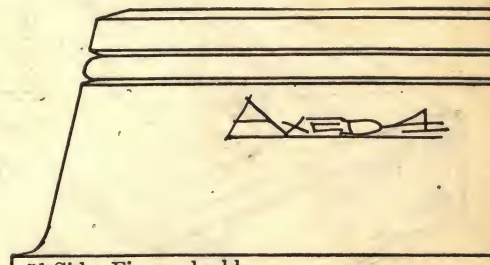

5 1/2 Sides Fine and Add 1 Member for each 0-4 of Rise

1-0 x 1-4 35.00
1-4 x 1-8 40.00
1-8 x 2-0 50.00

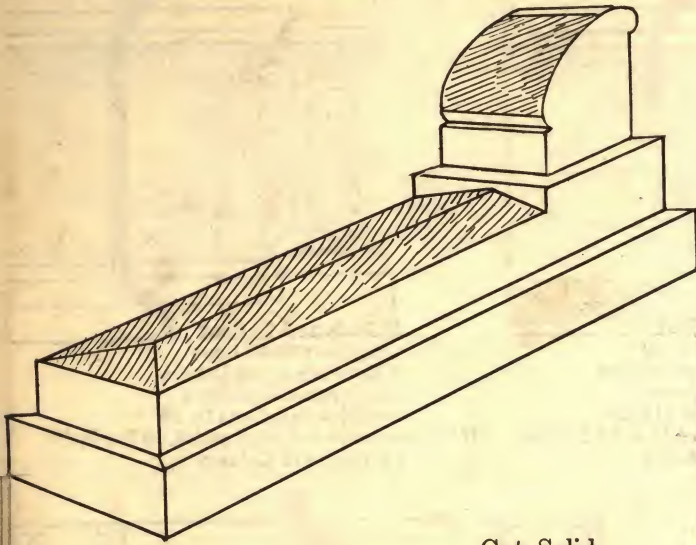

1-0 x 1-4 50.00
1-4 x 1-8 58.00
1-8 x 2-0 75.00

5 1/2 Sides Fine and add 5 Members around Stone. JOINT.

We are in position to give you prompt service on any work you may place with us for fabrication on GRANITES we manufacture, and shall be glad to quote you on sizes other than those mentioned in this PRICE SHEET. Our manufacturing facilities also include DARK and LIGHT BARRE GRANITES, both certified and in uncertified stocks, either E. L. Smith's or Pirie's Granites. *****

REMEMBER!— When in the market for MONUMENTAL GRANITE we are in position to furnish it promptly, rendering only first class workmanship, and all our carvings done by "LIBERTY'S SPECIAL PROCESSED SHAPED CARVING". ALWAYS ask us for quotations on any of your work, whether it is large or small work it is our pleasure to give you complete quotations per your request by return mail the same day.

Prices subject to change without
notice.
